**Subject:** NOAA letter

Hi Jayne - I just left a voicemail letting you know that Dave Powers called me to check in whether I had the latest copy of our comments on the NOAA/EPA response letter to Nina. (He said you were on jury duty, which I found out was right!) I know you often check your emails and voicemails, when no one else could or would! So I thought I'd try you.

Can you send Dave any comments or let him know where things are at? I think he's anxious to start the signature chain and was just unsure about your schedule. I told him I'd let him know today, but if you have access and want to contact him directly, feel free to. He says Allison can also start the letter and get the NOAA signature and route it for Mike's signature.

Feel free to let me know if I can help. Have fun in jury duty.
